LECTURER

Dr. Grace Kim

BDSC (UQ) . MICOI. FWAUPS
 Private practice Brisbane, Australia
 Fellow , Diplome of WAUPS
 Fellow, Master of ICOI
 Surgical instructor at WAUPS
 Visiting Professor at CUMCD

Dr Grace graduated Bachelor of Dentistry at University of QLD in 2009, and since then worked full time in Brisbane private practice. She has been committed to advancing her Implant treatment for her patients since 2013. Attained her Fellowship with ICOI in 2016, and has been actively involved with training, and teaching with the World academy Ultrasonic Piezoelectric Bone Surgery as well as research at University of Daegu, South Korea. She was the first Dentist in Australia to introduce the benefits and uses of Decalcified tooth bone graft and continues to share her animal research and clinical cases internationally. Her main focus is to provide predictable and minimally invasive surgery for her patients with faster recovery. Dr Grace is one of the key surgical instructors for the Advanced Implant Live surgery training program run by WAUPS alongside world renowned surgeons.

Course Curriculum

• Aim: This Course will introduce participants to safe and predictable sinus surgery, and minimally invasive ridge augmentation.
Crestal and lateral sinus lift techniques using ultrasonic piezoelectric devices, and techniques for making Sohn's Sticky Bone™

Day 1 • Sat 2 Sep

Correcting common errors during implant surgery.
Essential tips on suturing and flap management.
Managing Thin ridge and Immediate Implant cases.
Phlebotomy training and making Sohn's Sticky Bone™
Applications of Autologous Fibrin glue (AFG), Concentrated growth factors (CGF) and CGF membrane in dentistry.
Minimally Invasive Implant surgery protocols for Ridge and Sinus Augmentation

• Hands on making STICKY BONE and Venepuncture

Day 2 • Sun 3 Sep

Smart Alternative bone graft solution- Autologous decalcified tooth bone graft for faster and greater bone formation.
Essential Piezoelectric tips used in dentistry
Safe and predictable Implant Placement with simultaneous Sinus Elevation.
Lateral approach – ROB Widow (Replaceable Osteo inductive Bony Window)
Crestal approach -HPISE (Hydrodynamic Piezoelectric Internal Sinus Elevation)

• Demonstration on SINUS LIFT techniques using PIEZO

COURSE OVERVIEW

TITLE | CGF 2 Days Hands-On Course

COURSE DATE | SAT 2 - SUN 3 Sep 2023

COURSE DIRECTOR | Dr. Grace Kim

CLASS TIME | 09:00am - 04:00pm

VENUE | INNODENT Education Centre, Suite 201, 15-17 Park St. South Melbourne VIC 3205

COURSE FEE | ~~\$2,500^{+GST}~~ **\$2,000^{+GST} (Early Bird)**
