Course Directors - Lecture & Live Surgery

Dr. Houman Larijani

Dr. Houman Larijani is a highly experienced and skilled practitioner with extensive experience and education in oral surgery, implantology, and complex dentistry. His surgeries range in complexity from the placement of single implant to whole-mouth rehabilitation. Houman is well versed in a wide range of surgical techniques and has performed over 1000 implant surgeries.

Having received his Doctor of Dental Surgery (DDS) in 2006 with First Class Honours, Dr Larijani was immediately drawn to the world of complex oral surgery. He is currently completing a Master of Science in Oral Implantology from Goethe University, Germany.

Exemplifying the significance of evidence-based practice, Dr. Larijani is actively involved in academic research. He has published papers in the International Journal of Dentistry. He also has an active role in the mentorship of general dentists.

Dr. John Han

Dr. John Han received a Doctor of Dental Surgery from the University of Melbourne. Since, he focused his training and studies in oral implantology.

He is a general dentist with practice primarily focused on oral implantology, hard and soft tissue augmentation.

He is currently completing a Master of Science in Oral Implantology from Goethe University, Germany.
